MAYANK MEHTA

SKILLS

- **Frontend:** HTML, CSS, JavaScript, Bootstrap, React.js
- **Backend:** Node.js, Express.js, EJS, RESTful APIs
- **Tools:** PostgreSQL, Postman, Git and Github

PROJECTS

The Advisor — *RESTful API, Node.js, Express.js*

- Created "The Advisor" web application using Express.js and Node.js to serve as the backend for retrieving random advice from a third-party API.
- Utilized Express.js to create API routes for handling requests from the frontend and fetching advice data from the external API.
- Implemented event handling on the frontend to trigger the display of random advice upon user interaction with the button.

The Family Tracker — *PostgreSQL, Node.js, Express.js*

- Developed "Family Travel Tracker" web app using PostgreSQL, Node.js, and Express.js for efficient data storage and backend functionality.
- Allowing users to visually track countries visited by themselves and family members.
- I enhanced the application's functionality by implementing a feature that enables users to add new members.

TinDog — *HTML, CSS, Bootstrap*

- I built "TinDog," a basic website inspired by Tinder but for dogs, using HTML, CSS, and the Bootstrap framework.
- Designed and implemented the user interface for the website, including sections like dog profiles, a price section, and a footer.
- Ensured responsiveness across various devices and screen sizes, allowing for an optimal viewing experience on desktops, tablets, and mobile phones.

EDUCATION

Om Kothari Institute of Management and Research, College   *2023 - 2025*

Bachelor of Computer Application

Percentage – 71%

Shiv Jyoti Senior and Secondary, School   *2020 - 2021*

12th

Percentage – 92 %
